A ver si ahora suena [miss celies blues.mp3]

He seguido los consejos de Wolffo y le he quitado el acento al púrpura, y hasta el apóstrofe, a ver si ahora suena, que e preciosísima la canción, todo un homenaje a Nueva Orleans que casi nos quedamos sin ella, coñes.

jazz piano: Bb minor blues jam [Bb_minor_blues_jam.avi]

This is a Bb minor blues song I wrote a few months ago down in Ukiah, CA. This version of it is just a jam, not a full version. I don't even get through the head all the way before soloing. And, I was running out of time with this digital camera (160 seconds finished it in a hurry).

Funciona? [miss celie's blues - BSO El color púrpura.mp3]

Esta va de prueba, gracias a Wolffo, todo hay que decirlo, que me enseñó este sitio y que canta muy bien el condenao. ¡Más a mano ahorita mismo es el blues de la señora Celie, de una preciosa escena de "El color púrpura", película de mis blues en estado puro y pantanoso. Va por ustedes.
