Shawn Harvey: ([Site](#) ; [Video](#))

This last week Shawn has penned seven new songs, and there are plans for the second album for next year, of these numbers there are several Great new Rock 'n Roll tracks with that goodtime feel, "Wicked Wicked ways" is a catchy upbeat tune with a Creedence Clearwater feel, "She's a Hooker" has a US rock/Fogerty groove, and "Cowboy Fetish" talks of a guy who loves his boots a little too much. "Lonely Ads" tells of a guy searching for love and "Blue Yonder" has a Chris isack haunt... "Come let's play in blood Rain..." ,Shawn's plans are too make the second album next year an even better one in your collection. Theres going to be some more videos and also that DVD, several singles from the "In The Hills" release starting with "Cash On Delivery" B/w "Baby I'm Gonna Leave You Soon" featuring Albert Lee. So an exciting time to look forward too!!
